MEMORANDUM FOR: Deputy Director (Administration)

SUBJECT: Authorization of Domestic Shipment of Automobile -  
[redacted] 25X1A9A

1. This will acknowledge receipt of your request for our opinion as to whether memorandum of 3 August 1954 from Chief, FE, justifies the use of Section 9(a) of Regulation [redacted] in approving [redacted] claim. You also forward our opinion of 4 February 1954 and complete copies of the travel order concerned.

2. The original FE memorandum of 12 January 1954 quoted that portion of the travel order which dealt with [redacted] itinerary. Consequently, our 4 February opinion was based upon the quoted extracts rather than upon a reading of the complete order. We now note that the travel order contains a determination of operational necessity for shipment of the automobile apparently approved in advance by the Chief, FI Staff. [redacted]

3. Since the claim appears proper for payment, it would be our opinion that no action by your office is necessary under Section 9(a) of [redacted] and we recommend the claim be forwarded to Finance Division for payment.
